5l ... Art. nr 04.3165

Bottle with metering cap - 500ml

A unique polish designed according to the latest technology. The product is suitable for use on nearly all modern paint systems. Its unique composition makes Easy Polish New Formula the perfect product to clean and protect paint quickly and effectively. 50% of its components are for cleaning purposes while the other 50% provide a protective layer.

Thanks to its improved formula, Easy Polish New Formula is now easier to use and more effective in providing perfect shine and protection. The product is also ideal for the repair of paint with minor oxidation.

An added benefit is the non-streak performance of Easy Polish New Formula on bare plastic parts and rubbers, resulting in no more chalk residue.

Easy Polish New Formula is also ideal for use on difficult colours such as black and dark blue without leaving greasy polish lines. Its unique composition improves the ease-of-use of Easy Polish New Formula.

Easy Polish New Formula cleans and protects in one single action and requires little effort. The product can be easily rubbed on and wiped off. Easy Polish New Formula can also be used in polishing systems.

In case of minor damage, better results will be achieved when using Easy Polish New Formula on an Innotec Spot Pad Wool (art.no. 90.4019) or an Innotec Spot Pad Foam (art.no. 90.4018) in combination with the Innotec Spot Pad Support (art.no. 90.4017) for machine use, or an Innotec Spot Hand Pad (art.no. 90.4020) for manual use.

Perfect polishing results will be achieved when using Easy Polish New Formula in combination with Innotec Clean and Shine Towels (art.no. 04.1702)

Easy Polish New Formula is easy to apply and comes in a very user-friendly 0,5 l bottle with dispenser.

A 5 l bulk packaging is also available.
